- o Urge GOR to establish conditions (e.g., broad-based government, integrated army, end of reprisal attacks) that will lead to a political solution, which will allow us to move from humanitarian relief to development assistance.
- o Press GOR to broaden its political/ethnic base by reaching out to moderate MRND members and other non-RPF parties.
- o Encourage GOR efforts to integrate acceptable ex-FAR elements into the new Rwandan army.
- o Raise the troubling reports of RPF atrocities in the southeast and urge that the GOR address this issue.
- o Urge the RPF/new GOR army to stay out of the ex-French safe zone. Security should be left to UNAMIR.
- o Obtain GOR's views on security/disarmament in refugee camps and urge GOR to cooperate with neighbors on this issue.
- o Encourage GOR plans to talk with exiled Hutu leaders about refugee repatriation issues.
- o Ask whether hate radio stations are still active and note that we are working with the UN to counter them.
- o Reaffirm our commitment to speedy creation of an international war crimes tribunal, noting our efforts in this regard (accelerating the work of the Commission of Experts, seconding an American to the Commission, sending an American investigation team in mid-September, etc.).
- o Discourage national prosecution, noting that the country does not even have a civil judicial system at this time.
- o Emphasize the need to respect due process and human rights of suspected war criminals.
- o Check on status of deployment of human rights monitors.
- o Obtain UN SRSG Khan's assessment of prospects for reconciliation. Outline USG strategy on Rwanda and get any recommendations he has for policy initiatives.
- o Obtain UNAMIR's assessment of the security situation and ask about UNAMIR's relations with GOR and local population.
- o Discuss UNAMIR's deployment scheme with Gen. Tousignant and emphasize need to have people in the southeast.
